**Attachments:** dg0002.pdf

We are going to move our addition out and then over so we will need to re-stake for you, which were doing this weekend. I will email you the blueprints we had drawn up and then we will just have to add buy cancel the little hallway area that we are doing to get ourselves out and then over so we are 55 feet away from the wall

Thank you

Dana

Hi Dana,

So I did some digging and the only one that regulates well setbacks is the DNR. I have attached an informational handout for you to reference, but you may want to contact them if you have further questions regarding it. The county's standard has been making sure there is a 3' separation between the well and the building overhang.

I found the sanitary application under Daigle- can you confirm the total number of bedrooms that will be in the home once construction is completed? Right now, your holding tank is good for 4 bedrooms as long as it is in good working condition.

Please send me the floor plans as soon as you have a chance.

Thank you!

McKenzie

Prior to the placement or construction of a structure within ten (10) feet of the minimum required setback, the boundary line from which the setback must be measured must be visible from one previously surveyed corner to the other previously surveyed corner or marked by a licensed surveyor at the owner's expense.

Prior to the placement or construction of a structure more than ten (10) feet but less than thirty (30) feet from the minimum required setback, the boundary line from which the setback must be measured must be visible from one previously surveyed corner to the other previously surveyed corner, or verifiable by the Department by use of a corrected compass from a known corner within 500 feet of the proposed site of the structure, or must be marked by a licensed surveyor at the owner's expense.

- (9) **Stake or Mark Proposed Location(s)** of New Construction, Septic Tank (ST), Drain field (DF), Holding Tank (HT), Privy (P), and Well (W).

NOTICE(s):

All Land Use Permits Expire One (1) Year from the Date of Issuance if Construction or Use has not begun.  
For the Construction of New One & Two Family Dwelling: ALL Municipalities Are Required To Enforce The Uniform Dwelling Code.  
The local Town, Village, City, State or Federal agencies may also require permits.

If subject property is part of a Condominium Plat, applicant hereby certifies and represents that applicant has all necessary approvals and recorded documents required to complete the project for which this permit is sought including requirements set forth in Wisconsin statutes pertaining to condominium associations, the Declaration of the Condominium Association in which the property is located, and all other rules, regulations and requirements pertaining to that Condominium Association.

You are responsible for complying with state and federal laws concerning construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the department of natural resources wetlands identification web page or contact a department of natural resources service center (715) 685-2900.
